**Various on short term hire**

Products:  
**Various on short term hire**

*“Briggs takes care of all our needs without notice and without fail. I can call up on Friday at 2pm and someone can deliver me a truck on Monday. The excellent relationship that we have with Briggs Short Term Hire gets us out of a jam more often than not.”*

*Paul Wrighting,  
Operations  
Manager*

*Projector Lifting Service Ltd, based in Buckinghamshire, specialise in machinery handling, machinery removal and overhead lifting projects across the UK. Working across multiple sites, getting the job done safely and efficiently to the planned timescale is paramount for the company's success.*

*This is where Briggs come in. With a Short Term Hire fleet of over 5,000 pieces of equipment, and a commitment to delivering most types of equipment to site within 24 hours, accommodating Projector Lifting's diverse needs at short notice is always achievable.*

### **Situation**

*“Briggs continually support Projector Lifting, helping us to solve a variety of challenges that we face, often with very short notice. I often find myself panicking because I need two forklifts at opposite ends of the country the following morning, and Briggs always sort it out.”*

## **Task**

*“Briggs takes care of all our needs without notice and without fail. I can call up Friday at 2pm and someone can deliver me a truck on Monday. The excellent relationship that we have with Briggs Short Term Hire gets us out of a jam more often than not.”*

## **Action**

*“We hire from Briggs on a weekly basis at least, and often have multiple trucks on different jobs at any one time.”*

*“Arranging to have the equipment we need at the sites we work on is made effortless for us by Briggs. 99% of the time when we turn up on site to complete a job, a Briggs machine is already there waiting for us.”*

## **Result**

*“We continue to use Briggs for the high service levels that we receive, and as Briggs are always able to help we don't need to go anywhere else. Briggs are always able to accommodate our special requests and deliver on anything we require that is out of the ordinary including forklifts with special attachments.”*
